2x 16A (Free group sound)

### Sound Limit

Due to sound level restrictions and regulations it is not allowed to exceed the following maximum sound level: **103db A-weighted Leq 15**, measured from fixed position in the grid.  
**GIGANT reserves the right to reduce the sound level when necessary. Should a guest**

**technician exceed these levels constantly, he or she will be removed from the desk after the second official warning from the house crew.** The house crew will then take control of the desk and finish the show within the sound level limits. The visiting technician will also be reported on the measurement report sent to the authorities.

### Fire proof certifications and safety restrictions

There are strict regulations governing the use of pyrotechnical devices, smoke and fire effects on stage. Please contact the venue's technical production well in advance if your production involves anything like this. All scenery, backdrops and other stage props must be flameproof and comply with all Dutch fire and safety regulations.  
**The use of any kind of confetti, snow, glitter, foam or bubble machines is not allowed, unless otherwise agreed on by our technical production department.**  
**Special rigging only after prior approval.**

### Backline

We will presume artist will carry all backline unless otherwise agreed. GIGANT has a small backline setup (see further on in rider). Should GIGANT be requested to rent backline; specifications need to be exact and costs will be negotiated at least 6 weeks prior to show.

### Grand Piano

A grand piano, Yamaha C5(440Hz), can be provided by the venue. Costs for tuning and using will be for account of the artist unless agreed to otherwise, at least 4 weeks prior to show.

### Hall Expenses

Standard house P.A. system and lights. One qualified sound technician (two if requested and agreed upon). One qualified light technician.  
Stagehands only on request.

### Setup and Sound check

Standard procedure depending on situation. Please contact our production staff for information.

In case more time is requested, extra fees may apply.

### Smoking

The entire building is a non-smoking and vaping area. This is prohibited by the Dutch law. The hall does have an outside area where smoking and vaping is allowed.

### Recording Studio

GIGANT has a professional recording studio which can receive a multitrack feed from the venues in the building. For possible options and fees please contact our production staff.

### Security

No barriers unless agreed to, at least 4 weeks in advance. Security staff t.b.d. during advancing.

GIGANT strongly requests the artist not to encourage the

audience to take part in crowd surfing.

For security reasons it is not allowed to invite members of the audience to climb the stage before, during or after the show. We expect the artist's full cooperation in these matters.

### Backstage

There 3 dressing rooms available. One large dressing room situated directly across the stage door. Two situated one floor up. Toilets and showers are available as well as dressing room mirrors. Each dressing room is equipped with furniture and a refrigerator.

### Artist Lounge

The artist lounge is available for the artist. Situated two floors above the main dressing rooms.

### Hospitality

Please contact our production staff in advance to discuss the options for catering and hospitality.

### WIFI/Internet

Free wireless internet is available in the entire building.
